

UHC Survey Year 2  
**Facility Head Survey Questionnaire**

**Informed Consent Form**

*This informed consent form must be obtained before conducting the interview. You are required to read this entire consent form aloud exactly as written. After reading this form to the respondent, you must complete and sign the verification consent form.*

***PART I: Information about the study***

Hello, my name is   (data collector name)  . I work for Asian Social Project Services, Inc. (ASPSI). I am here to invite you to participate in a study about the Universal Health Care (UHC) and packages of programs like ***Yaman ng Kalusugan Program (YAKAP), No Balance Billing (NBB), Zero Balance Billing (ZBB), Bagong Urgent Care and Ambulatory Services (BUCAS), and Guaranteed and Accessible Medications for Outpatient Treatment (GAMOT)***. The Department of Health funded this study. Please let me tell you more about the study.

This study aims to generate evidence on the overall experience of the general public to support continuous monitoring, evaluation, and learning of the implementation of the UHC Act and its Implementing Rules and Regulations (IRR).

Would you like to participate as a respondent in the study? The interview may last for more or less than an hour.

We are committed to protecting your privacy. If you choose to participate, we will never include your name in information shared with the government or in any reports. Your name will be kept separately from your answers in a private, secure location. For this interview, it is also important to respect other people's privacy and not tell anyone else what we talked about today. With all research, there's a small chance that someone else might get to see your data. We try our best to prevent that, but if it happens, we'll tell you as soon as possible.

Aside from this, there are no other risks to you if you take part in this study. As a benefit of the research, the knowledge gained may help the government and DOH better support your healthcare needs. You are free to decline participation or to stop at any time. Choosing not to participate will not result in any penalty, and you will not have to pay anything to take part in this study.

Do you have any questions about the study or about what I have told you?

If you have concerns or questions about your rights as a participant, you can contact:

**END OF SURVEY**

## SECONDARY DATA TO BE REQUESTED FROM HEALTH FACILITIES

*The UHC Survey Year 2 primarily aims to generate evidence on the overall experience of the general public to support continuous monitoring, evaluation, and learning of the implementation of the UHC Act and its Implementing Rules and Regulations (IRR). In part of this endeavor, we are kindly requesting for your cooperation on providing specific information from your facility to ensure the accuracy and robustness of data relevant to the analytical process of the study. The information needed are the following:*

### I. Latest Annual Hospital/Rural Health Unit Statistical Reports submitted to DOH

#### 1. Human Resources

##### A. Hospital Census for the past 6 months (for hospitals)

##### A1. Outpatient Census

| Hospital Census per day for the past 6 months | Number |     |                |
|-----------------------------------------------|--------|-----|----------------|
|                                               | NBB    | ZBB | Other Patients |
| Month 1                                       |        |     |                |
| Month 2                                       |        |     |                |
| Month 3                                       |        |     |                |
| Month 4                                       |        |     |                |
| Month 5                                       |        |     |                |
| Month 6                                       |        |     |                |

##### A2. Inpatient Census

| Hospital Census per day for the past 6 months | Number |     |                |
|-----------------------------------------------|--------|-----|----------------|
|                                               | NBB    | ZBB | Other Patients |
| Month 1                                       |        |     |                |
| Month 2                                       |        |     |                |
| Month 3                                       |        |     |                |
| Month 4                                       |        |     |                |
| Month 5                                       |        |     |                |
| Month 6                                       |        |     |                |

*B. Patient Load for the past 6 months (for RHUs, PCFs)*

| Number of consultations per day | Number |     |                |
|---------------------------------|--------|-----|----------------|
|                                 | NBB    | ZBB | Other Patients |
| Month 1                         |        |     |                |
| Month 2                         |        |     |                |
| Month 3                         |        |     |                |
| Month 4                         |        |     |                |
| Month 5                         |        |     |                |
| Month 6                         |        |     |                |

## 2. Human Resources

*A. Number of full-time and part-time healthcare workers employed in the RHUs*

| Cadre                                                 | Number of healthcare workers by type |              |                               |        |                   |           | Number staff to fulfill minimum requirements |
|-------------------------------------------------------|--------------------------------------|--------------|-------------------------------|--------|-------------------|-----------|----------------------------------------------|
|                                                       | Full-time                            |              |                               |        |                   | Part-time |                                              |
|                                                       | Regular                              | Probationary | Project-based/<br>Contractual | Casual | COS/<br>Job Order |           |                                              |
| Doctors                                               |                                      |              |                               |        |                   |           |                                              |
| Midwives                                              |                                      |              |                               |        |                   |           |                                              |
| Public Health Nurses                                  |                                      |              |                               |        |                   |           |                                              |
| Pharmacists/Pharmacist Technicians                    |                                      |              |                               |        |                   |           |                                              |
| Technologists (e.g., medical/ radiology/ respiratory) |                                      |              |                               |        |                   |           |                                              |

*C. Number of full-time staff who have left the facility during the past six months?* \_\_\_\_\_

*D. Number of contractual healthcare workers who were not renewed in the facility?* \_\_\_\_\_

#### 4. YAKAP/Konsulta Package Services

A. Which of the YAKAP/Konsulta Package services are available in this health facility? Please check which services are available.

| Service                             | Yes | No |
|-------------------------------------|-----|----|
| CBC with platelet count             |     |    |
| Urinalysis                          |     |    |
| Fecalalysis                         |     |    |
| Sputum Microscopy                   |     |    |
| Fecal Occult Blood                  |     |    |
| Pap smear                           |     |    |
| Lipid profile                       |     |    |
| FBS                                 |     |    |
| OGTT (Oral glucose tolerance tests) |     |    |
| ECG                                 |     |    |
| Chest X-Ray                         |     |    |
| Creatinine                          |     |    |
| HbA1c                               |     |    |
| Abdominal ultrasound                |     |    |
| Dental Services                     |     |    |

B. For the following diagnostic exams, what is your procurement cost, and what is the standard price charged to patients in your facility? (Note: Specify in Philippine pesos)

| Service                             | Procurement Cost<br>(in Philippine Peso) | Standard Price Charged to Patients<br>(in Philippine Peso) |
|-------------------------------------|------------------------------------------|------------------------------------------------------------|
| CBC with platelet count             |                                          |                                                            |
| Urinalysis                          |                                          |                                                            |
| Fecalalysis                         |                                          |                                                            |
| Sputum Microscopy                   |                                          |                                                            |
| Fecal Occult Blood                  |                                          |                                                            |
| Pap smear                           |                                          |                                                            |
| Lipid profile                       |                                          |                                                            |
| FBS                                 |                                          |                                                            |
| OGTT (Oral glucose tolerance tests) |                                          |                                                            |
| ECG                                 |                                          |                                                            |

|                      |  |  |
|----------------------|--|--|
| Chest X-Ray          |  |  |
| Creatinine           |  |  |
| HbA1c                |  |  |
| Abdominal ultrasound |  |  |

C. For the following services, what is the standard cost, and what is the standard price charged to patients in your facility? (Note: Specify in Philippine pesos.)

| Service                                         | Procurement Cost<br>(in Philippine Peso) | Standard Price Charged to Patients<br>(in Philippine Peso) |
|-------------------------------------------------|------------------------------------------|------------------------------------------------------------|
| Physician's consultation (general practitioner) |                                          |                                                            |
| Physician's consultation (specialist)           |                                          |                                                            |
| Private room and board (per night)              |                                          |                                                            |
| Shared room and board (per night)               |                                          |                                                            |

D. Is there a standard markup for all the laboratory services offered at this facility? \_\_\_\_ Yes \_\_\_\_ No

4d1. If yes, what is the standard markup applied to all laboratory services provided at this facility?

**5. OTHER RELEVANT DOCUMENTS/FILES (We will ask the facility head if there are other documents/files that he/she can share which are relevant for the survey.)**
